Profile

I am a positive and enthusiastic dynamic web developer with 5+ years of experience in modern web architecture, specializing in ReactJS, Redux, Node, and JavaScript (ES5/ES6). Proven ability to build responsive and user-friendly web applications, with a strong work ethic and innate ability to adapt in ever-changing and challenging environments. I have effective collaboration and team working skills. A solution-oriented and challenge-driven with a strong IT background that brings new ideas and solutions to the table. Cooperative, helpful and hardworking that strives to be an invaluable asset to your company.
